## DIET

# How You Should Eat During This Cleanse

When doing the colon cleanse, it's best to eat fresh, organic or locally grown fruit. Fruit is ideal for providing the nutrition that helps the body draw out toxins, and it also ensures the intestinal tract is hydrated and able to support the cleansing process. If you prefer vegetables over fruit, you can substitute leafy greens, garlic, artichokes, and Brussels sprouts into your diet. For more advanced insight into how to eat while detoxing, check out the Body Cleansing Diet at [ghc.us/cleanse-diet](http://ghc.us/cleanse-diet).

## Fruits That Encourage Intestinal Cleansing

Below is a list of fruits that support a clean and healthy digestive system. You can eat them individually or make a fruit salad with any combination.

- ✓ Apples
- ✓ Blackberries
- ✓ Oranges
- ✓ Raspberries
- ✓ Avocados
- ✓ Blueberries
- ✓ Papaya
- ✓ Watermelon
- ✓ Bananas
- ✓ Grapefruit
- ✓ Pineapple

## Stay Hydrated & Enhance Your Water

A good rule of thumb for staying hydrated is to drink one half your body weight in ounces per day. Example: 160 pounds = 80 ounces of water. You can enhance your water by adding organic raw apple cider vinegar (a probiotic- and enzyme-rich tonic) or lemon juice to taste.

## Minimize These Foods

The food you eat affects your health more than anything else. To help establish a strong foundation, reduce your consumption of the following foods as much as possible. Or, better yet, eliminate them from your diet entirely.

- ✗ Alcohol
- ✗ Artificial Dyes
- ✗ Artificial Preservatives
- ✗ Artificial Sweeteners
- ✗ Canned Foods
- ✗ Dairy
- ✗ Excess Coffee or Caffeine
- ✗ Gluten
- ✗ High Fructose Corn Syrup
- ✗ Meat
- ✗ Microwaved Foods
- ✗ Processed Foods
- ✗ Refined Sugar
- ✗ Soy
- ✗ Table Salt

## INSTRUCTIONS

### Here's the Plan

The Colon Cleanse Program consists of following a fruit-based diet and taking Oxy-Powder and Latero-Flora for six days. Take 2 capsules of Latero-Flora every morning 20 minutes before your morning meal. Take 6 capsules of Oxy-Powder two hours after your evening meal with 8 ounces of purified water.

## Adjust as Needed

Taking Oxy-Powder should make you have three to five bowel movements the following day. If it doesn't, increase your serving to 8 capsules for the remainder of the cleanse. Additionally, you can add lemon juice to your drinking water to boost the effects of Oxy-Powder.

During the cleanse, you may experience loose, watery stools. Note that this is normal and an indication that you're cleansing properly.

## Keep Track of Your Cleanse

## TIPS

# Dr. Group's Advanced Tips for Success

Just as your intestinal tract affects many aspects of your health, a conscious life supports your overall well-being. True wellness is the product of a lifelong journey.

## Use Supportive Therapies

Chiropractic adjustments, massage, deep breathing exercises, acupuncture, and sauna bathing all support the cleansing process. Get enough sleep and start your day by finding a quiet space, closing your eyes, and repeating an affirmation such as, “I am clean and healthy” nine times to elevate your mindset.

## Supplement With Aloe

Aloe vera contains essential nutrients, enzymes, and amino acids that boost the body’s detoxification processes. A concentrated formula like our Aloe supplement is an easy way to not only support your cleanse but also stimulate your immune system and soothe stress throughout your body.

“

The root cause of poor health is too many toxins coming into the body and not enough going out. Cleansing your intestinal tract is one of the most effective ways to open up your body's elimination routes and help you stay in balance.
